

Technical draftsman to support our technical documentation department (m/f)

You have a keen eye for detail but do not lose sight of the big picture. You create structure in complex environments with a precise way of working. Technical drawings and documents are part of your core competence.

Responsibilities:

- CAD file management for 2D and 3D drawings
- Creation and maintenance of a library for a simplified generation of documentations
- Creation of documentations consisting of: Installation instructions, operating instructions, circuit diagrams, spare parts lists
- Creation of documentation for pre-sales, i.e.: collection and structuring of supplementary offer documentation
- Preparation of dimensional drawings and outline drawings of catering equipment and furniture with mostly specified design drafts or detailed drawings in combination with existing elements of the CAD library
- Changes to dimensional drawings, detail drawings and assembly drawings according to specifications
- Creation of electrical schematics according to appropriately detailed specifications

Qualifications:

- Successfully completed training as a technical draftsman / design draftsman / CAD specialist (m/f) or comparable qualification.
- Profound knowledge in 2D drawing - e.g. with Revit, Autocad, Inventor
- Preferable are first experiences in the preparation of technical documentation and dimensional drawings
- Professional office mentality, technical understanding and highest attention to detail
- High reliability as well as a thorough and independent way of working
- Confident IT skills in MS Office and Adobe Acrobat
- Fluent knowledge of German

Our offer:

- A nice workplace in a pleasant and collegial working atmosphere
- An attractive salary, HVV card
- Flexible working hours (full-time, part-time, freelance)
- Opportunities for professional training through appropriate courses
- The distinctive collaboration in an owner-managed traditional company
- The office location is Halstenbek - with very good connections to public transport and in direct proximity to the A7/A23. Employee parking spaces are available

We look forward to receiving your application!
